

# RE-ELECT CHRIS D. JACKSON COMMISSIONER 2<sup>ND</sup> DISTRICT A NEW GENERATION OF LEADERSHIP

During the past four years, I have had the honor and privilege of serving as your county commissioner. While in office, I have worked hard to improve the lives of the people of the 2<sup>nd</sup> District by supporting aggressive job creation and recruitment efforts, numerous investments to our educational system, lower property taxes, fiscal responsibility, rural water line extensions, better roads and investments to our volunteer firefighters, police and first responders.

All in all, I have tried to responsibly address the problems that have come before us during the past four years and progressively invest in areas that are vital to our county's future success.

I was born and raised and have lived my entire life in Lawrence County and the 2<sup>nd</sup> District. Lawrence County is my home and it is where I want to live and raise my family one day. So for me, this campaign is not about politics or anything else, it's about my family and yours and what kind of future we can build together.

We have to keep fighting for opportunity and a better livelihood for all Lawrence Countians. We cannot settle for being a "retirement community" as some advocate. Like you, I know Lawrence County is still a place where we can produce things and where we can live and raise our families. That is why I am so passionate about wanting to continue to serve and work to improve our district and county. We have a moral obligation to leave our children and grandchildren a stronger and more prosperous Lawrence County than we have.

On August 5th, I respectfully ask you to join me and send a message to the "good ole boys" system that has held up progress in Lawrence County for so long by voting for a *New Generation of Leadership* that **puts people first** and looks to **move our county forward, not backwards.**

I would be humbled to continue to work for you. I hope to see you soon and earn your vote.
